

INSULATION TECHNOLOGY

THERMAL AND COLD INSULATION · SOUND INSULATION · FIRE PROTECTION · TIP CHECK · TURBINE INSULATION

Energy efficiency, environmental performance and safety are all key aspects in the design and maintenance of industrial plants and their equipment. Bilfinger Switzerland offers professional insulation solutions for all kinds of systems.

Our Core Skills

- Heat and cold insulation
- Sound insulation
- Fire protection
- Special solutions for boilers, filters, pipes, columns, ventilation lines, tanks, fittings, equipment and plant components
- Insulation in the sewage treatment plant sector, e.g. for digesters
- Manufacturing of insulating mattresses
- Manufacturing of metal trays
- Turbine insulation
- Refurbishment of refrigeration systems
- Sound enclosures
- Preventive structural fire protection

Experience in the following industries

- Waste Incineration
- Cement
- Chemical and Pharmaceutical
- Energy Production
- Food
- Ship Insulation, etc.

Engineering & Maintenance

Services

The services described are available individually or as a customised package. We'd be delighted to advise you.

References

- Biogen, Luterbach – pharmaceutical plant
- Roche, Basel – Roche Tower (Construction 2)
- Lonza, Visp – Project Gemini
- Oro de Cacao, Freienbach – chocolate factory
- KVA, Turgi – inspection and maintenance

Additional services

- Insulation Revisions
- Insulation Maintenance Measures
- Turbocharger Housings
- TIPcheck
- Supervisor for use with gas turbines, revisions worldwide
